Health & Safety

Health & Safety

WHAT TO DO WHEN YOU HAVE JUST ARRIVED?

Study the Fire Escape Plan

The Fire Escape Plan is placed on the guest room side of the entrance door. Upon checking into your room, locate the emergency exits. Count the number of doors between the fire exit and your room – this will help you in case it becomes dark and smoky. For your own safety, please keep the door closed at all times.

Find the Alarm Call Points and Extinguishers

Familiarise yourself with the location of the nearest fire alarm call point and know where the extinguishers and fire hose reels are located.

WHAT TO DO WHEN YOU FIND A FIRE?

Sound the Nearest Fire Alarm

Upon detecting fire or smoke, break the glass of the nearest fire alarm or contact the Guest Services Centre at extension '0'.

WHAT TO DO WHEN YOU HEAR THE FIRE ALARM?

If the Alarm Sounds, Remain Calm and Listen to the Announcement

Please remain calm and hear out for the announcement or contact the Guest Services Centre at extension '0'. Do not leave the room until you hear further instructions.

WHAT TO DO WHEN YOU ARE ASKED TO EVACUATE?

Do not Attempt to Pack Belongings

Time is precious. Save your life. TAKE YOUR ROOM KEYCARD WITH YOU. You may need to go back to your room if the exit is blocked. STAY CALM.

Evacuate

Should the fire get out of control, close all doors behind you and leave the building via exit staircase. DO NOT USE THE ELEVATORS.

Health & Safety

WHAT TO DO IF YOU ARE TRAPPED IN YOUR ROOM?

Keep the Fire Out

Wet the towels or sheets and wedge these under the door to prevent smoke from entering the room. Remove the drapes from the windows. Have water ready, i.e. fill your bathtub with water to quickly re-moisten the wet cloths.

Inform Someone of your Presence

Call the Guest Services Centre, knock loudly at the door or signal the people below from the window to attract their attention. KEEP CALM.

Find the “OFF” Switch on your Air-Conditioner

Learn how to switch off the air-conditioning system in your room. This will prevent smoke from entering your room via the air duct.

REMEMBER: PREVENT FIRE

- Do not hang wet clothes on the lamp shades
- Be sure to switch off all electrical appliances upon leaving your room, e.g. electric shaver, traveling iron, hair curler or straightener, etc.
